- Chess Game

EXPERIENCE

I have over 1 year of experience in web development, building responsive and interactive websites using HTML, CSS, and JavaScript. With 5 months of experience in web design, I focus on creating clean, user-friendly layouts based on modern UI/UX principles. I am also skilled in graphic designing, crafting visual content for websites and social media using tools like Canva and Photoshop. Additionally, I have worked in video editing, creating short tech and educational videos. I am a typing expert with over 1 year of experience, maintaining a speed of 50+ words per minute, which supports my productivity across multiple digital tasks.
